Pr Jean François Silas KOBIA
President of Joseph-Ki-Zerbo University
(UJKZ)-Ouagadougou
Burkina Faso

Dear Sir,

LETTER OF APPRECIATION

The Innovation Hub of the Pan African University Life and Earth Sciences Institute, University of Ibadan appreciate you for coming for a short-term internship in the Innovation Hub at the Pan African University Institute of Life and Earth Sciences (Including Health and Agriculture), University of Ibadan, Ibadan, Oyo State, Nigeria between 25th September and 5th October 2022.

The Pan African University is a flagship institution of the African Union Commission, Addis Ababa, Ethiopia with an Institute located in each of the regions of Africa. It is the culmination of the decision of the Assembly of Heads of State and Governments of the African Union to create the Pan African University (EX.CL/579(XVII)). The PAU nurtures quality and exemplifies excellence.

This internship cum visit was an important one not just because it is the first of many visits but because it has strengthened the skills of the members of the Technology Transfer and Innovation Office (BTI) of Joseph KI-ZERBO University, and the CEA-CFOREM on technology transfer, and also made it possible to identify partnership opportunities between the PAULESI Innovation Hub and the UJKZ. We have also been able to identify and negotiate partnership opportunities between both parties.

We are hopeful that the two institutions will be able to seal a partnership and collaboration agreement covering teaching, training and research, business incubation and the transfer of technologies and any other area considered to be of common interest by the parties. These conclusions will be presented to the incoming Director of PAULESI upon appointment.

We look forward to fruitful collaborations and partnership with you.

With warm regards,

Dr. Michael A. Oladunjoye
